

Located just one hour northwest of Fort Worth, Charis Hills is a Christian Recreational and Educational Summer Camp for Children with Learning Differences where we seek to glorify God and serve campers through what His Word teaches.

Campers discover a highly personalized, fun filled and nurturing environment while fulfilling their heart's desire to be accepted and succeed in new activities. Every child wants to make friends, build relationships and gain new skills. For some children, educational and social success comes harder and less frequently than they would choose. Our camp focuses on the grace of Christ and the gifts of acceptance and encouragement toward one another as we explore and learn together. We believe that through Christ, campers can face and challenge their learning difference with courage. Charis Hills Summer Camp is designed to help those children with learning differences find success.

We consider learning differences to be what may interfere with a child's successful academic experience, including but not limited to: HF autism, Asperger's, ADD, ADHD, and learning differences. We teach Christian values and offer many exciting recreational activities. Charis Hills is geared specifically toward this group of children.

Did you know?

Charis is Greek and means grace and acceptance. At Charis Hills, everyone is accepted for who God made them.

Christian Commitment

Charis Hills is a Christian Camp established to serve children who learn differently. The program is set up for this group of children, regardless of their faith. We present God as loving and just, and Christ as the Son of God. We model Christian values and character. We celebrate and share our faith with others, but in a relaxed, no-pressure manner.

We emphasize a Christian message that is Biblical, positive and affirming, yet non-denominational. Campers gather for the "Daily Word" focused on our summer theme, Godly character and Biblical principles, as well as sing praise music and participate in prayer and daily devotionals. Charis Hills teaches the following values through our camp experience.

RESPONSIBILITY
CREATIVITY
EFFORT
LEADERSHIP
FAITH

COURAGE
SHARING
GROWING
INDEPENDENCE
COOPERATION

CHARIS HILLS SUMMER CAMP

Playing With Purpose

Charis Hills is designed to ensure each camper has a safe, successful and enjoyable experience while at camp. We also believe that learning is fun. Each counselor firmly believes in the abilities of our campers!

Campers are immediately involved in activities from the moment they arrive. They enjoy all the fun and activities of a traditional summer camp. In addition, the campers are encouraged to continue to grow and learn. Campers are encouraged to take healthy steps outside their immediate comfort zones and have lots of fun at the same time. Camp activities are designed toward the development of specific skills and taught sequentially in a non-competitive win/win manner.

Our program is designed to maximize opportunities for social interaction and social skill development throughout the camp experience. Our focus is on building self-confidence and independence in children while depending on the Lord. At Charis Hills, children experience fun, adventure, challenges and unconditional acceptance. Campers return home with a deeper faith as well as achieving a greater sense of independence, responsibility and self-esteem.

Charis Hills was founded in 2006 specifically to meet the needs of children with learning differences.

The camp is operated by well qualified and experienced professional staff having over 80 years of combined experience in recreation and education.

Our committed and dedicated counselors are our greatest asset. We screen staff heavily and hire only the most caring and capable individuals. Counselors complete an extensive training prior to camp. Our counselor/camper ratio is 1:3 which ensures close supervision of your child and maximizes success. Counselors are certified in their major teaching area where appropriate (for example, life-guarding, swimming, archery, and riflery). We also have camp nursing staff if your camper takes medication or becomes ill.

Charis Hills Campers have a great time making new friends. Come join us this summer for lots of adventure and excitement.

You will be challenged to learn new skills, play new games, sing camp songs and get to know the counselors. Come to camp for fantastic summer fun.
